1.0 N. Brandstrom Call to Order at 12:35 p.m.

Members discussed the Proposal.

Throughout the discussion it was identified that that the following activities will be addressed in the proposal:

- ✓ Preservation of wetlands Class I and II, incentive payment will be calculated based on land use with consideration of local rental rates. Payments will be minimum \$ 30.00 per acre and up to \$ 60.00 per acre;
- ✓ Riparian area preservation and restoration. Members discussed the cost of riparian fence establishment, identified potential areas for the riparian fencing.
- ✓ Members discussed installation of Alternative Watering Systems as a necessary part of the Riparian Area Management and Upland area restoration.
- ✓ Upland area conservation, enhancement, or restoration. Members discussed the definition of sensitive land and identified the potential areas, damaged due to floods.

Members will review Final Proposal at next meeting
