

WINTER OFF-SITE WATERING SYSTEM PROGRAM APPLICATION

Program Objective: to assist landowners to relocate winter feeding sites of livestock away from main water source.

Applicant _____ Phone _____

Mailing Address _____ Cell _____

Home Site: (Quarter, Section –Township-Range) _____

Explain Project Details (provide details of designed Off Site Watering System)

Show location of current and new wintering site. Identify the new location for an Off-Site Watering System.

Project Site Sketch

North

Project Site (Quarter, Section-Township-Range)

Do you have access to hydro? Yes No

When you will use the system? Winter Winter and Summer

How many animals (max capacity) and what kind? _____

What is the source of water? _____

What is the source of power? _____

Other info: _____

Terms and Conditions

Eligibility

- **All projects must be approved by the WIWCD prior to construction and/or installation.**
- Land must be within the West Interlake Watershed Conservation District (WIWCD)
- New site must be at least a ¼ mile from main well used for human consumption.
- The system can be powered only by one out of three sources of power: Solar Powered, Solar plus Wind Powered or Hydro Powered
- The WIWCD will pay 75% of the cost of the project to a maximum refund of \$ 5,000.00 (Five Thousand Dollars)
- The cheque will be issued to applicant after the project is completed in compliance with WIWCD guideline and inspected by WIWCD representative.
- One application per landowner per year, dependant on Board approval

Roles and Responsibilities

The Applicant Shall:

- Design and build the Project in cooperation with District staff. Any designed Off Site Watering System must ensure:
 - ✓ Supplied water must never return to its source of origin;
 - ✓ Watering location must be leveled with the surrounding area sloped to allow nutrients to flow away from the source of water.
- Complete the Project and provide all receipts by the end of Fiscal Year (March 31) in order to receive assistance.
 - ✓ If due to unforeseen circumstances Project cannot be completed in current fiscal year, but already in the progress, it is Applicant's responsibility to contact the office in writing to request an extension no later than March 1 of the current year;
 - ✓ If for any reasons the Applicant cannot start and complete the Project by the end of Fiscal Year (March 31), it is Applicant's responsibility to submit a letter with a request to withdraw the Application as soon as possible, but no later than January 31 of the current year, in order to be eligible to reapply for the following Fiscal Year. Failure to do so may result in Applicant's Application for this Programing to be denied in future years.
- Not alter, remove, or modify the project without written consent of the District
- Be responsible for required maintenance following the completion of the project and agree to leave the project in place for a minimum of ten (10) years. After ten years, all materials purchased and/or installed will become the property of the landowner
- Grant consent of entry to the District, its agents, servants, and/or employees with the necessary equipment for inspection, advertisement of the project and the right to publish the applicant's name.
- Indemnify and save harmless the WIWCD, their agents, engineers, servants, and/or employees from any liability which may result from this project

The WIWCD Shall:

1. Provide technical advice, funding and project supervision

General Information

The annual projects resulting from this program are subject to available annual funding. The WIWCD will determine application priorities in consultation with Sub District members and District staff. **All projects must be approved by the WIWCD prior to construction and/or installation.** The WIWCD reserves the rights to adjust support level based on available annual funding.

I hereby declare that I have read and understand the Terms and Conditions of the Winter Off-Site Watering System Program and agree to abide to the said Terms and Conditions if my application is approved and cooperate with the WIWCD in completing and maintaining the project as outlined.
